

14 June 2018

Dear ESIF Committee member

We would like to update you about the Big Lottery Fund's engagement in a Building Better Opportunities (BBO) programme once the current programme comes to an end in 2019/2020.

We are currently considering options for potential further engagement. These considerations include whether this would present the best use of National Lottery funds.

We anticipate being able to communicate our position on further engagement during the autumn.

At that time, if we are going ahead with BBO2, we will contact each ESIF Committee to ask whether you would wish to opt-in to an extension of the BBO programme and we will also be able to share a framework for selecting potential projects to extend.

In the meantime, we will continue to disseminate our quarterly performance reports to you, via local LEAs, and to further strengthen our relationships through our local teams. We will also be in contact to better understand your interest in any potential extension of BBO projects.

Yours sincerely

Sue Ormiston
EU Programme Manager
